

BAMRR Conference Saturday 6th October 2018

08.30	Registration
9.05	Welcome
09.15	Professor Gerry McCann – ‘Cardiac MRI – Common Indications and Examples’ Consultant Cardiologist, Glenfield Hospital, Leicester
09.45	Dr Adam Thomas - ‘Foetal MRI’ Consultant Radiologist, University Hospitals of Nottingham
10.15	Carolyn Costigan – ‘Considerations for Scanning During Pregnancy’ Principal Research Radiographer, University of Nottingham
10.45	Break
11.15	Dr Robert Dineen – ‘An Overview of Disease Evaluation by 7T with Potential for Clinical Translation’ Clinical Associate Professor of Neuroimaging, University Hospitals of Nottingham
11.45	Dr Susan Francis – Multi-parametric MRI in Renal Disease University of Nottingham/SPMRC
12.25	Renata Neves – Senior MR Radiographer - Pro-offered Paper – ‘The use of Upright MRI scanners in assessing the postural effect in the Human brain’
12.35	Julie de Witt & Sophie Gallagher - Pro-offered Papers - Trigeminal neuralgia: Imaging and the patient experience of magnetic resonance imaging (MRI) of the brain
12.45	BAMRR AGM – Members only
12.55 – 13.45	Lunch
13.45	Claire Duckett – ‘Dementia Friendly Departments’ Clinical Specialist Radiographer, University Hospitals of Derby and Burton
14.15	Dr Rafal Panek – ‘Setting Up a Breast MRI QA Program – NHS Breast Screening Programme Requirements and Implementation’ Clinical Scientist, University of Nottingham
14.45	Dr Kevin Mulcahy – ‘Multi-Parametric Prostate MRI’ Consultant Radiologist, University Hospitals of Leicester
15.15	Break
15.45	Dr Martin Graves – ‘Compressed Sensing – A New Paradigm In Image Acceleration’ Consultant Clinical Scientist, Cambridge University Hospitals
16.15	Dr Michael Hutton – How to MRI a magnet: Cochlear Implant Safety Clinical Scientist, Christie NHS Foundation Trust, Manchester
16.35	Discussion of the day and prizes
16.45	Close and Thanks
