

I have completed the BAMRR ‘How safe is your department’ checklists every day this week

☐ I care about my patient during every section of their MRI journey

I know my department

☐ Policies

☐ Pathways

☐ Who the Authorised personnel, MRSE and MR Responsible person are

☐ MRI layout, areas and MR Environmental conditions

☐ MRI Equipment and equipment inside the Controlled Access Area

☐ Emergency procedures

☐ MRI system specification

☐ Cleaning regime and location of PPE

I know about

☐ The Hazards in MRI and the magnetic field

☐ Sequences and image quality

☐ Contrast safety

☐ Implant safety

I have identified areas where I can build on my knowledge

I have set some learning objectives
